

## REACH ACCORD ON WAR CLAIMS

British and United States Delegates in Agreement

America Assured Payments Through Dawes Plan

Allied Conference Expected to Ratify Pact Today

(Continued from First Page) should they be definitely approved.

Approved by both the Washington and London governments of this agreement has been received by Ambassador Kellogg and Mr. Churchill and the drafting committee is engaged in putting it into a comprehensive and succinct resolution and together with the solution of other questions, it will be placed before the plenary session of the conference, which still remains to meet here for tomorrow afternoon at 3 o'clock.

## RATIFICATION CERTAIN

The Anglo-American accord was placed before the meeting of the delegates of the "big six" at which M. Theunis of Belgium, Prof. De Stefani of Italy, Viscount Ishii of Japan and M. Clement of France addressed the conference as presented by Mr. Kellogg and Mr. Churchill, making ratification of the document by the plenary session certain, as Theunis De Stefani and Ishii have plenipotentiary powers which Churchill has in constant touch with Premier Pernot during the drafting of the accord.

Unless the powers having limited interest in ratification on a more or less accomplished, fact—they having had no part in the deliberations—and demand time for consideration of the proposed document should be allowed at the plenary session tomorrow and the conference should conclude its work tomorrow night. The expert committee will labor throughout the night, translating the solutions of the other problems which will be turned over to the drafting committee as soon as concluded and the latter hopes to have the document ready for the final meeting of the big six at 8 o'clock in the afternoon.

Commenting on the agreement, Ambassador Kellogg said this evening: "I always feel confident that the question would be settled to everyone's satisfaction."

Ambassador Herrick remarked

eagerly: "Well that ends well."

Mr. Logan said: "I am glad it is over; it has been tough pulling."

Winston Churchill and Sir Otto Niemeyer, for the British, also expressed satisfaction at the settlement.

## WASHINGTON ACCEPTS PRINCIPLES OF ACCORD

(By A. P. NIGHT WIRE) WASHINGTON, Jan. 12.—The tentative agreement arrived at in Paris between American representatives and the allied finance ministers has been accepted by the War Cabinet.

Acceptance of the arrangement was made known today at the State Department, where it was emphasized that representations from the American policy committee to the State Department on the collection of claims under the Dawes plan from German annuities was

invited.

Concurrence of the United States in the plan has been given owing to the principles upon which the proposed adjustment is based. Details of the plan are being here, and the State Department is understood to have limited its application to the main outline of the structure as made here to it by its representatives in Paris.

When the plan as a whole is received, a decision as to its acceptability in detail will be reached. It has not been decided whether an announcement of the final decision will be made here or by the American representatives participating in the Paris meeting.

## DAWES PLAN ACCEPTED GATHER FOR CONFERENCE

(By CARL AND ASSOCIATED PRESS) PARIS, Jan. 12.—All the organizations provided for under the Dawes plan are gathering in Paris for what promises to be the words of Secretary of State Kellogg, the agent-general for reparations, who arrived in Paris today from Berlin, "one of the most important weeks in the execution of the Dawes plan since."

The Dawes plan will take the center of the reparations stage immediately the finance ministers make their exit from the scene.

The first meeting of the Dawes

## "COME OUT OF THE KITCHEN, MARY!"

Spring that on your wife tonight. Invite her out to dinner. She's been caring for your appetite a long while—tonight YOU be the host. Among the "Where-to-Dine" advertisements in the Times, is a place you will both like. F. S.—Don't wait until the last minute. Give her time to get ready.

Plan officials has been called for Wednesday, when all the commissioners and trustees appointed under the plan will meet under the chair of Mr. Gillett.

On Thursday, Mr. Gillett will preside over the meeting of the transfer committee, which includes Joseph E. Stettinius of New York, representing the German loan, Mr. Gillett; Dean Jay of the Morgan-Harjes Bank in Paris, and M. Terpil of Holland, will meet later in the week.

The coordinating board, when it meets on Wednesday, expects to have before it the official protocol of settlement concluded by the conference of finance ministers, and to study its adaption to the future execution of the Dawes plan.

## PRISON FOR SOUTHLAND PROJECTED

Bill for Construction of New Penitentiary Offered by Los Angeles Senators

(By A. P. NIGHT WIRE) SACRAMENTO, Jan. 12.—At a brief session of the Senate today Senators Lewis and Allen, Los Angeles, introduced a bill in skeleton for a third State prison, to be situated in Southern California. The amount of the appropriation which would be needed and the location will be written into the bill later.

In a statement to the press Senator Lewis declared that, although California's population is approximately 4,000,000, the State only two penitentiaries and "these long ago became disgracefully, inhumanly and dangerously overcrowded, so that in many cases two or three are crowded into one and are unable to hold their queues at San Quentin are a disgrace and a menace to the State and society."

Senator Murphy, San Francisco, sent to the desk a bill which would appropriate \$1,000,000 for the use of the Board of Charities and Corrections in investigating and framing legislation for an old-age pension. The board would make the report to the forty-seventh session.

## Toy Factory at Prison Sought by Legislators

(By A. P. NIGHT WIRE) SACRAMENTO, Jan. 12.—Bill providing for the creation of a toy factory at Folsom capable of furnishing work for 1,000 prisoners has been prepared for introduction in the Legislature by Senator Pezzati and Assemblyman Dodge, both of Los Angeles. An appropriation of \$100,000 is asked in the companion bill, which, according to the bill, will furnish additional revenue to the State, the authors

stated.

## SOURCES OF REVENUE

In detailed form, the estimated revenue for the coming biennium follows:

From public utilities, banks, insurance companies and franchises, \$85,500,000; from inheritance taxes, \$60,000,000; from licenses, \$1,800,000; from motor vehicle taxes, \$900,000; from interest on deposits in banks, \$1,500,000; from punitive and reform school collections, \$1,050,000; from Supreme and Appellate Court fees, \$1,000; miscellaneous receipts, \$175,000.

An item of \$10,250,000 listed as "unavailable revenue, due to litigation," represents the accrued principal and interest of taxes on railroads during the period of time proposed under the so-called King bill, and now under review before the United States Supreme Court.

The Governor's budget will not be finally considered by the Legislature until the commencement of the first half of the present session, probably will be taken Saturday, the 24th inst.

## TAXES IN ABROAD

Now the immediate task is building up the team abroad. Of pressing moment is the selection of an able man to take the place of James in succession to Mr. Kellogg. The name of Alanson B. Houghton, of New York, now Ambassador to Berlin, has been mentioned in this connection, but it is to be doubted that such a choice will be made. Mr. Houghton is more likely to remain where he is so long as he feels he can remain in the Diplomatic Corps. An actual possibility is that James' back of the scenes successor, Mr. Houghton, will be chosen for the London place. The President has the highest admiration for Mr. Beck's capacity. Woodrow Wilson, Senator, John W. Davis, in England, and Ambassador and for once President Coolidge might follow a Wilson precedent.

Myron T. Herrick, now Ambassador to Paris, as he was under the old administration, is understood to be anxious for the post, but it is to be doubted that such a choice will be made.

### HUNT MEN LOSE IN LEGISLATURE

Compact Champion President  
of Upper Chamber

High Line Advocates Beaten  
in Party Caucus

Governor's Message Urges  
Funds for Survey

EXCLUSIVE DISPATCH  
PHOENIX, Jan. 12.—Gov. Hunt  
and his legislative adherents met  
a decisive defeat this morning in  
both houses of the Legislature  
when the anticom pact forces were  
routed by a coalition of conserva-  
tive Democrats and Republicans  
and lost the presidency of the Sen-  
ate and the speakership of the  
House.

Mulford Winsor, an outstanding  
champion of the Colorado River  
compact, was re-elected as presi-  
dent of the upper house and  
Charles McMillan, an adroit  
administration leader, was chosen  
speaker of the lower chamber. The lat-  
ter was in the Senate last session.

Administration candidates for  
both other metacompact offices in  
each house were beaten by advocates of the  
high line canal.

This apparent conservative  
majority, while not conclusive or ratifi-  
cation of the compact, may trend in  
that direction. It is the intent of the  
Administration to block any expenditure plans  
for large expenditures, especially  
for the high line canal.

**THIRGHEARNS SPEECH**

Secretary of the Senate is William Graham, and clerk of the  
House, Mrs. Bessie Golze, who has  
been Speaker's clerk in previous  
sessions. In the Senate the chap-  
lain is Rev. Victor R. Rau, Pres-  
byterian, who commanded the first  
British column that marched into  
Jerusalem and whose appointment  
was backed by the American Leg-  
ation. In the House, Rep. George E.  
Robins, Scranton, Pa., South  
Methodist, who has occupied the  
position in every Legislature since  
Statehood.

Gov. Hunt's message to the  
Senate Legislature was delivered this  
afternoon at the joint session and to  
an audience that jammed the House galleries. He dealt especially  
with the Colorado River situation  
and recommended an appro-  
priation of \$10,000,000 for the  
construction of a dam at the  
last election. Only brief mention  
was given the Arizona high line  
canal, which the Boulder Canyon project  
is opposed as lying below points  
where dam erections would be of  
far greater value to Arizona.

Gov. Hunt also sought to minimize  
the flood danger depicted by others  
existing in the Imperial and  
Yuma valleys, asserting that past  
damage has been done mainly by  
dams constructed in the future by the  
existing dams on Salt River and by the  
proposed San Carlos dam above  
Florence. The Colorado River  
compact would not affect the  
construction of its legal authorization in  
that it apportioned the water be-  
tween upper and lower basins and not  
between the States as contemplated.

Gov. Hunt submitted correspond-  
ence from the governors of  
California and Nevada with refer-  
ence to consideration of a supple-  
mental compact with the  
proposed Colorado River compact  
which would not affect the  
construction of its legal authorization in  
that it apportioned the water be-  
tween upper and lower basins and not  
between the States as contemplated.

Characterized as "superfluous"  
by the State of the United  
States government or any of  
the States would step in and de-  
velop the Colorado River within  
the confines of Arizona, without  
respect to Arizona's wishes and in  
defiance of the States we."

**POLICY SUMMARY**

The Governor summarized his  
Colorado River policy as follows:

"I would urge that the State of  
Arizona can feel safe in depending  
upon the law as it now stands for  
the protection of its natural resources  
and our rights and, under the  
supplementary compact can be made  
with California and Nevada, which  
will be satisfactory to this State, that  
the proposed Colorado River compact  
relates only to the river and in  
event the Boulder Canyon project  
should be opposed by this State as  
uneconomic in that it will sub-  
merge other practical dam sites and  
will interfere irrigation and  
navigation, and in defense of this  
position, I will do all I can to  
have a flood control and storage  
dam constructed in the vicinity of  
Ferry; that the status of the  
Diamond Creek permit be re-  
examined, and, if a right is found to  
exist, that the site be revoked, the  
site acquired for Arizona and its  
present holders compensated for  
expenditures made; that a spe-  
cial committee be appointed by  
the State to engage in the development and  
sale of hydroelectric power either  
on its own initiative or in co-  
operation with other States, municipali-  
ties, the United States, or other  
agencies for development of  
undertaken under State auspices at  
Diamond Creek or an adjacent site  
which engineers may determine as  
most practical with the title vested  
in the State of Arizona, and that  
adequate finance be made available  
to acquire the engineering,  
economic and legal data needed by  
Arizona."

It was not stressed, for  
favorable consideration, giving  
suggestions for building appropri-  
ations at all the State institutions,  
which involved appropriations ag-  
gregating over \$1,000,000. Favor  
was given plans for construction of  
a separate women's industrial  
school and of a girls' industrial  
school and a large addition to  
the Capitol.

**Poor Eyes**  
YOUR EYES  
EXAMINED  
GLASSES  
COMPLETE  
\$2.90

An examination of your eyes, a pair of spherical glasses, in a frame, complete for \$2.90. One week only.

Gold or shell frames, tortoiseshell shapes and double vision glasses correspondingly less.

So many people think as soon as their eyes are poor that they are blind. **WE HAVE TO WEAR GLASSES;** this is not so. Many people with poor eyes never did use them or never did fit them. Proper fitting the eye is the first essential. Good glasses are not a luxury, they are a necessity and properly fitting the eye calls for some brain work.

My method of fitting is as easy and scientific.

I always try to be reasonable in my charges. No "drops" used. Some of your neighbors are wearing glasses I know.

## TEXAS RAILROAD FOREIGN-OWNED

Lone Star Line Directed by  
Mexican Republic

Majority of Stock Owned by  
Government

Merger Talk Brings Unusual  
Condition to Fore

(EXCLUSIVE DISPATCH)  
LAREDO (Tex.) Jan 12.—As a result of a trip over the Texas-Mexican Railroad from Laredo to Corpus Christi by a party of officials of the Missouri Pacific and the Gulf Coast Lines, the report was circulated that the former road is to be taken over and made a part of the merger of the International-Great Northern, Missouri Pacific and Gulf Coast lines. Confirmation of the reported pending transaction was given by the general offices of the Texas-Mexican Railroad here.

In one respect the Tex-Mex can occupy the most remarkable position of any railroad in the United States. It is, including a part of the National Railways of Mexico, 51 per cent. of its stock being owned by the Mexican government. In the pre-revolutionary days of 1911, the road, which lies wholly in Texas, was operated as a part of the National Railways of Mexico, although it had to comply with the laws of that State in the matter of having a separate corporation and maintaining general offices within the State.

During the several years of revolutions and unsettled conditions in Mexico the Tex-Mexican was operated as a independent property for the benefit of the minority stockholders of the National Railways of Mexico. The road is 160 miles long and it connects with the Laredo, Brownsville and Mexico division of the Gulf Coast Line at Robstown and with the International-Great Northern at Laredo. It was built many years ago by the late Uriah Lott and was intended for the primary purpose of affording a rail connection with the old Mexican National Railroad and the

prospective deep-water port of Corpus Christi. It was this vision of future development of the port and the fact that caused the Mexican government to purchase it. When the Mexican government acquired control of the Mexican National and purchased the National Railways for the sum of \$250 million the Tex-Mex was embraced in the transaction.

Until the discovery of oil in paying quantities along its line the Tex-Mex did a very large amount of traffic except in cattle shipments. It now handles a big movement of oil in tank cars from Mirando and for some time has had its traffic in other commodities has shown a gradual increase, it is stated.

It is pointed out that the Tex-Mex would prove valuable as a connecting link between the Gulf Coast and the International-Great Northern, as it would enable the merged system to divert traffic at will through the international gateway at Laredo or Brownsville. It is also a direct line for traffic from or destined to eastern territory and originating along the lines of the National Railways of Mexico south of Laredo.

(EXCLUSIVE DISPATCH)  
NEW YORK, Jan. 12.—Visiting the gayeties of San Francisco society, Miss Sophie Brownell, pretty 26-year-old debutante of the autumn of 1924, has come to New York to "do something useful." She wants to become a "good Indian" and spend a day with the Indians. Her father, Dr. Edward E. Brownell, a retired physician, and her mother, are thoroughly sympathetic with her ambitions, she declared.

Miss Brownell is tired of doing nothing, "said Miss Brownell. "I prefer the footlights to the social whirl."

The glamour of Broadway gained its first hold upon her when she attended finishing school in New York more than a year ago, she asserted. When she returned to California last summer she took part in community theatricals in Santa Barbara. Her debut came next year and then, left, parties, dances and friends behind and returned East.

## UNIQUE OUTFIT FOR EXPLORER

"Times" Expedition Equipment Carefully Designed

Product of Years' Experience  
in Jungle Research

Weight of Utensils Reduced  
to Last Ounce

Copyright, 1924, by United States, Canada, Japan and South America by North American News Company, Inc., New York, Germany by Verlag der Kaiserliche Post, Copyright is reserved by the author. All rights reserved. Re-publication to week or in part

(EXCLUSIVE DISPATCH)  
NEW YORK, Jan. 12.—When Col. F. H. Fawcett, P.R.G.E., D.R.O., sailed from New York last Saturday to seek the site of an ancient, unknown white civilization in Brazil, he took with him what is probably the most expertly and carefully designed equipment ever taken on an expedition. His apparatus, instruments and clothing were made in London, according to special designs evolved by Col. Fawcett during his years of jungle work, and they embody the utmost of strength, light weight and general utility.

Other expeditions have entered this region and never emerged. Col. Fawcett attributes their failure to the main cause—lack of equipment, large numbers, and lack of knowledge of means of establishing friendly intercourse with the Indians. Improper equipment may be regarded as most important in all the expeditions. The three members of his expedition has been worked out with a scientific exactitude which takes into account every possible eventuality.

**HIS VADE MEcum**

Col. Fawcett's pride, and, in fact, his main dependence, is a specially designed weapon in hunting and fighting through thousands of miles of swamp and jungle. He gradually refined it to a degree of usefulness which makes it an effective substitute for a whole carton of ordinary arms. The blade is about eighteen inches long, considerably

shorter than the ordinary South American machete; it was made by the best steel makers of England, and is twice as weighty as a machete and blade were proportioned with regard to the last fraction of an ounce. It is the ideal instrument for hacking through the jungle masses; it is a wicked weapon of defense; it is the proper weapon of a large hunting knife; it is strong enough and heavy enough to be used as an axe; it can be used for gouging and digging in earthworks.

Col. Fawcett's boots, rubber tent and hammock covers, chiffon nets for sand flies, gloves, untearable gabardine clothing, and similar equipment also are the result of years of trial and experiment, and were made by the best English manufacturers. Lightness was sought, first, last and always, as on reaching the jungle it will be necessary to drag the equipment and Indian carriers—one of the tame Indians will venture near this region—and apportion the pack among the three men.

**MINIATURE INSTRUMENTS**

The scientific instruments also are light miniatures of the ordinary instruments of the kind, including a tiny sextant, proved to be as effective as a large one. The element of weight has been considered even in the chronometer which is necessary for finding longitude. Theodolite, giant horizon, aneroids, etc., all have been recast to get the last degree of light weight.

Col. Fawcett will obtain his food, consisting chiefly of milk, cereals, and soups, at Rio Janeiro. His jerked meat and rice will be obtained at Cayaba, the "end" of his river journey and the last of his portages. The Indians will be given any food, as the South American forests yield little game.

**ARMS OF NO USE**

Col. Fawcett's rifles were purchased in New York, in a specially designed model in hacking and fighting.

"The matter of arms is not so important as it seems," said Col. Fawcett, just before his departure. "A man with a rifle and a gun with machine guns and poison gas would not stand the slightest chance of surviving if these savages wanted to annihilate them. Our only chance is to get on such terms with the Indians that they will allow us to enter."

"One has to be a marksman, cannot seem to hit a mark if they are excited or frightened. I have had them rain arrows at us, never hitting any of our party, and after getting them they found they could shoot with unerring accuracy, and hit a tiny mark at a long distance."

**SUPERLATIVE ARCHERY**

They have amazing skill in shooting an arrow high into the air and making it descend on a mark a hundred yards or more distance. They can gauge this high trajectory perfectly. If trees intervene over the marksmen and his target, they can send the arrow over the trees and have it drop on the mark.

"I know some of the language of the different tribes, but I am convinced we will have to learn the language of the various people in the region of the ancient city. This will not be as difficult as it seems. In intercourse with Indians, it is astonishing what one can do with a few words. One can almost "speak" on common signs with Indian language. Different Indian groups of Brazil, while speaking different languages, have a more or less common sign language, and it is easy to get on fairly well with this."

**TIME TO LEARN TALK**

"As we will be in the region of the ancient civilization for years or more, we will have ample time to learn the language. It is imperative that we remain long enough to have free intercourse with the Indians, and the more time the ruins can be made without being able to converse with the natives."

Col. Fawcett, "going grunting" as Mark Twain put it, does not more physically for his great adventure than the three men, rambled Englishmen in this party—Col. Fawcett; his son, Jack, and his son's friend, Col. Fawcett all his life has been literally in training. Absentious in every way, they do not use liquor or tobacco and they are all in athletic form.

## City League Basketball Quintets in Two Spirited Clashes This Afternoon

## POLY HOST TO MOVIE TOSSEES

Hollywood and Mechanics in Feature Game

Lincoln Five Plays Romans at L. A. High Gym

Rival Lightweight Squads Also Tangle

The third round of play in the City League basketball schedule takes place this afternoon with two games on tap. Polytechnic, one of the two undefeated quintets in the loop, facing Hollywood in the feature, and L. A. High and Lincoln hooking up in the Rail-splitter's gym.

The league-leading Jefferson outfit, with two games won and none lost, draws a bye this afternoon, as do the Manual Arts and Franklin cagers. A victory for the Poly Yellowjackets will tie them for the lead with Jefferson, while a win for Hollywood will move the Jeffersonable fliers in undisputed possession of first place.

Coach Bill Faige's Hollywood quintet will thoroughly test the Yellowjackets' championship possibility, and the Manual Arts outfit in the Mechanics pavilion. Hollywood lost to Manual by 1 point last Friday and will be out to upset the Yellowjackets and once more get back into the running. Osborne proved the big star, as far as the Manualists are concerned, in the Mechanics scrap, but he probably will be well watched to-day.

Over at Lincoln, Lynn Linnemann's Rail-splitters are favored to win, though the hot battle should take place. Lincoln has made a better showing than the Romans in games so far, but the L. A. High five has been improving rapidly and is up to date, toppling their North Broadway opponents. Each team has won and lost one game.

Both games will be preceded by lightweight struggles, with the Hollywood quintets favored to the result of the Lincoln-L. A. High lightweight clash much in doubt. This second scrap will have quite a bit to do with the settling of the lightweight title, as the Lincoln over L. A. High quintets have been defeated as yet. The Manual Arts battle, also undefeated, draw a bye.

## TROJAN TRACK STARS PRACTICE

(Continued from First Page) champion has often predicted that Stirling would be the fastest in the country before he completed his course at U.S.C. In addition to Smith, Cromwell has another great springer in the form of a 100 pounder from Seattle. Taylor has done the century in better than 10s flat. For a big man—he weighs 190 pounds—Taylor is extremely fast and it will take him but little time on Smith's part to keep ahead of his rival. Both men are sophomore at U.S.C. R. H. Lloyd, who was not eligible last year, is also expected to show plenty of speed for the Trojans.

## YOUNG STRIBLING IS VICTOR OVER WALKER

(Continued from First Page) MIAMI, Fla., Jan. 12.—Young lightweight boxer, outpointed Hugh Walker of Kansas City, in a 15-round no-decision bout here to-night. Stribling won every round, according to newspaper men at the ringside.

## AGE AND YOUTH

GEORGE SISLER PLAYING MANAGER OF THE BROWNS, 1923

BY FEO MURRAY

There are now six playing managers in the Major Leagues, five of whom are in the American circuit. It is often claimed by American League partisans that better baseball is played in the American League than in the older organization—is it because all but three of the teams are led by active players? And what is the most successful age for a manager?

William Robinson of the Brooklyn Dodgers and Connie Mack of the Philadelphia Athletics are both 61—which is more than the ages of Stanley Harris and George Sisler put together. Yet no manager was as successful as the dynamic young hotshot of the St. Louis Browns, George, almost 30, out in the major leagues only beaten by John McGraw, who is 52. McGraw's career shows that success covers the span from youth to age with one individual in the managing business, for the Giants' leader won his first pennant when he was 51.

To go back to the American League, Managers Huggins, Fohr and Mack are the only ones who have passed the 40-year mark, while the youngest of the playing managers is 24. The total age of the American League managers is about thirty years younger than the same total in the rival circuit, and youth at present has the edge on age, as far as the major league managers go. But the season of 1925 is another story.

## KILLEFER NAMES ASSISTANT

George Gibson, Former Manager of Pirates, to Work With Cubs; Succeeds Dugey

EXCLUSIVE DISPATCH

CHICAGO, Jan. 12.—Manager Killefer's new assistant will be George Gibson, former big league catcher and manager of the Pirates before Bill McKechnie took the reins in the middle of the summer of 1922. This announcement was made by President Veeck of the officials of the North Side club conferred in secret when a contract was tendered and signed.

Gibson is expected to be a great help to the Bruin's leader. His many years in the majors and his careful study of pitchers made him one of the leading managers in 1920, 1921 and part of 1922. As a catcher Gibson learned how to be a good manager, especially from his years in the minors, starting out in fast company.

Both Killefer and Veeck are happy over the acquisition of Gibson. The ball is in the hands of the North Siders to capture the title or finish a close second this year with rest with the progress the new coach makes in the handling of the pitchers.

## MUNN TO SEE RIVALS WORK

(Continued from First Page) against the champion's own manager.

Munn's presence in the ring-side is expected to boom Weyant's match for so far as Chicago is concerned. The winner is the logical man for Munn to meet.

Just what is going to happen when the Pole and the giant German collide is hard to guess.

There has been a new man since his last meeting. Eustace won both of the other contests.

The fight is a handicap match in Milwaukee.

From there they went to Grand Rapids for a finish in this second match Eustace won the old man's leg. Munn has had little score to settle.

## TENDER AND ZIVIC HOOK UP NEXT WEEK

EXCLUSIVE DISPATCH

NEW YORK, Jan. 12.—Law Tender, Philadelphia veteran, has been matched to box Jack Zivic of Pittsburgh for ten rounds to a decision at the Motor Square Garden in the Smoky City a week from tonight.

Paul Berlenbach, hard-hitting eastern light-heavyweight, and Young Master of New York, will meet at Madison Square Garden, New York, the 10th inst. Instead of the 33rd inst. Berlenbach meets Rocky Smith of Battle Creek, Mich., for ten rounds to a decision at Philadelphia Wednesday night. The Marcella affair will be a twelve-round.

## DOUG PLAYERS SET FOR BIG TOURNAMENT

Doug players and the game's followers are looking forward to the Doug tournament which will be held the latter part of this month. It was arranged yesterday from the B. H. Dyer Company.

The courts for the coming tournament have not yet been named but more than likely the affair will be held at Beverly Hills. Entries for the tournament are being received by Norman L. Grey at the Dyer Company's tennis department. The outdoor pastime of Doug is comparatively new. It is something akin to tennis.

Detroit's sixth annual winter sports carnival will take place on January 24 and 25. Events will be held for men and women, boys and girls.

## SPEED WAGON

\$1185  
Chassis & Body

In 1915 the Mighty Speed Wagon created a new class of Motor Transportation. 1925 finds the Speed Wagon secure in its position as Leader of its Class

Dominant in Every Field of Commercial Haulage

## NAME NEW DIRECTORS OF ANGELS

Milton Patrick, Renton Are Elected Members of Seraph Board

Milton S. Patrick and D. M. Renton were elected directors of the Angel City Baseball Association at yesterday's meeting at Washington Park. The two were the only two new appointments on the board of directors of the Los Angeles Pacific Coast League team.

Milton Patrick, the son of J. H. Patrick, president of the Seraphs, while Renton is vice-president of the Catalina Island Com-

pany. All of the other officers of the Angel board of directors were re-elected. William W. Wrigley was re-named chairman of the board, while J. H. Patrick will once more fill the position of president of the Seraphs. James A. Gibbons remains as vice-president of the Angels, while Carl "Boots" Weber will again be secretary and treasurer. The other directors aside from Milton Patrick and Renton are Dan F. Fleming and Oscar Reichow, the latter also holding down the position of business manager of the Angels.

## ARIZONAS PLANNING TRAPSHOOTING LEAGUE

EXCLUSIVE DISPATCH

PHOENIX, Jan. 12.—George T. Peter, president of the Phoenix Gun Club, is planning organization of an Arizona Trapshooting League, with membership of at least six clubs. A meet has been called for January 12, at the range of each club, with especial competition for two handsome silver cups, offered by the Arizona Republican, one to go to the club making the highest number of wins during the series and the other to the shooter who makes the highest individual total score in all targets during the contest. In each day's shoot the only count will be of the first five scores.

The province of British Columbia will have forty-four days of horse-racing in each season in future years. Lansdowne and Brightmore, Vancouver courses, and Col. Vancouver, Victoria, will have 20 days each, while Hastings Park, Vancouver, and the Willows, Victoria, will have 40 days each.

The first meeting of the new club will be held on Jan. 12.

The second meeting will be on Jan. 19.

The third meeting will be on Jan. 26.

The fourth meeting will be on Feb. 2.

The fifth meeting will be on Feb. 9.

# A CHUCKLE FOR EVERYBODY

## LOCAL LAUGHS

Each week The Times publishes the best entitled "Local Laughs" - consisting of 12, 15, 22, and twelve of 21 comic strips. A list of these showing the film, together with the names and addresses of the persons in a company in the Western Film-which film is now in the picture, and each of these companies will be given a place of honor on The Times comic page each week, and each of these companies will receive a number of

Mistress (Meeting her maid): Why, Mary, what do you mean by wearing out my clothes?

Mary: You told me this morning that your clothes needed airing.

Dorothy Tuttle, 153 South Avenue, city.

"Old Brown won't live long; he has one leg in the grave now."

"You mean one leg in the grave."

"No, he's going to be cremated."

Mary: Cremation, 153 South Avenue, South Pasadena.

News report: "John Dixon struck a man to see if there was any money in his tank. There was none."

P. Richards, 174 North Shafter, Orange, Cal.

Doctor: Does your pain come and go?

Bobby: No, it comes and stays.

Billie Whitman, 888 North Eighth street, Colton.

Nesty: Would you marry for money?

Lotty: Well, I wouldn't mind if

money.

# 7500 prs. Silk Stockings at close to $\frac{1}{2}$ price

A Well Known Los Angeles Merchant with three retail stores sold us his entire stock of Women's Silk Hosiery at close to  $\frac{1}{2}$  Price

Sale begins Wednesday (not today) at 9 o'clock

—What news this will be to the women of all Southern California! It's because of the remarkable character of this event and the fact that women from far and near will want to participate in it, that we are issuing this advertisement one day in advance! We look to see it one of the biggest and most talked of sales Los Angeles has ever seen.

In the sale are such famous brands of Hosiery as ONYX — MISSION KNIT — ONLEY — HUMMING BIRD — DAY DREAM — MUTUAL — LORRAINE and others that we are not permitted to advertise—

And EVERY PAIR IS PERFECT—Think of it—at close to  $\frac{1}{2}$  Price.

—See the big display in our windows today or tonight—it's worthy of coming a long, long way to see, for it tells a story that would be difficult to express in print—

—Remember, the sale begins Wednesday morning (not today) at nine o'clock—

—Practically every table on the main floor will be given over to this event, and there will be scores of extra salespeople, so that you may buy satisfactorily and happily as well as profitably—Come prepared to fill your stocking wants for months to come—

## KLAN SCORED IN RESOLUTION

Anaheim Commerce Chamber Hits at Ku Klux

Bids Citizens to Throw Off Hooded Control

Increases Tension in War Over City Rule

LOCAL CORRESPONDENCE

ANAHEIM, Jan. 12.—The community warfare in Anaheim over the Klan and anti-Klan issues, brought about by the recall election to be held February 4, flared up into greater intensity today when the Anaheim Chamber of Commerce passed a resolution declaring the Klan to be "a menace alike to the peace and business prosperity of our city" and calling on the citizens to rid themselves of the Ku Klux Klan control.

This action by the leading business and professional men of the city was followed by a statement from Rev. E. J. Bulgin, an evangelist, who said the Klan was meeting in Anaheim Sunday night, in which he denied that he had come to Anaheim as a tool of any individual organization. He admitted he came to town at the invitation of the Rev. W. D. Grafton, a local Cyclops of the Anaheim Klan, but said he did not know there was any strife in Anaheim when he accepted the invitation.

Dr. Bulgin's statement created a much interest as did the Chamber of Commerce resolution, passed on the 3rd inst. Dr. Myron, chairman of the recall committee, said the Rev. Bulgin was brought to Anaheim under the auspices of the Ku Klux Klan.

The Chamber of Commerce resolution in full reads:

Whereas, the present situation has developed beyond any political issue into a community crisis involving the entire future of our community, and

Whereas, a strong effort is being made to sustain the Ku Klux Klan to make it appear that the issue is between the wet and dry forces instead of the question of Ku Klux Klan control of our political and social life.

Whereas, the facts are clear that the Ku Klux Klan has not only gained control of the political affairs of our city, but has become a menace alike to the peace and business prosperity of our city.

Whereas, it is not only impossible to get industries to locate here under its domination, but it has now become a question of holding several of our present leading industries.

Therefore, it is resolved by this board of directors that we and the Anaheim Chamber of Commerce throw our influence and money to the campaign to rid the city of this Ku Klux Klan control, and

If it further resolved, that we review and urge the voters of the city to cast their votes for the recall of the Klan from the Chamber of Commerce; W. D. Grafton, Perry Mathis, A. W. Franzen, L. E. Miller and Godfrey Stock, on the third day of February, 1925.

The above resolution is passed for the good of the community at large.

(Signed)

HARRY D. RILEY, President  
HERBERT JOHNSTON  
LEONARD EVANS  
H. E. W. BARNES  
FRANK GIBBS  
C. C. LAMB  
WILLIAM FALKENSTEIN  
FRED B. BACKE, Jr.  
SIDNEY E. PRINCE  
WILLIAM STARK  
R. B. YOUNG  
SID McRAW  
GEORGE W. REID, Secretary.

Dr. Bulgin's revival meetings were expected to create confusion and division in the town. The anti-Klan factions have charged that the minister was brought to Anaheim in a last desperate effort to ward off the recall. This was denied by the Klan leaders and Rev. Bulgin added that he would not bring the Klan into any of his lectures while in Anaheim.

The statement published in an Anaheim paper was denied by the Klan, who called the Cyclops of the Klan, under the date of the 3rd inst., said:

The fact that Dr. Bulgin will hold a revival in the town of the Klan, Klan peaks out of the ranks of that organization and the fact that the Klan is bringing him to Anaheim affords an opportunity to the people of Anaheim to listen to a speaker who is not of the Klan and will be grateful. May the Lord pity the sucker who has no better sense than to stop the progress of His machine."

REDISTRICTING TO BE UNDER DISCUSSION

LOCAL CORRESPONDENCE

INGLEWOOD, Jan. 12.—To discuss the proposition to change the number of supervisorial districts from five to seven, with a corresponding increase in the number of supervisors, a meeting to which representatives of every city and town in the county had been invited by the Ingelwood Chamber of Commerce, will be held here next Friday. The meeting will be held in the Ingelwood Woman's Club. It is expected that a wide section of the electorate, of which the Ingelwood chamber is neutral in its stand, is of vital importance to the entire county.

INGLEWOOD BANKS BRAVE THIRTEENTH

LOCAL CORRESPONDENCE

INGLEWOOD, Jan. 12.—The thirteenth as a hoodoo date evidently is not the best for Ingelwood banks, for three of them will hold annual meetings and election of officers Tuesday afternoon. These include the First National Bank of Ingelwood, the Ingelwood Savings Bank and the Lennox State Bank.

## LIFE SAVED BY TABBY AS HOME BURNS

Pasadenan is Awakened by Cat and Finds His Home Mass of Flames

By a "Times" Staff Correspondent PASADENA, Jan. 12.—E. M. Brownscombe's cat saved his life today. Brownscombe, who resides at 1781 Linda Vista avenue, was sound asleep this morning when his cat awakened him by licking his cheeks. Leaning from his bed, Brownscombe found the interior of the house in flames.

Only recently Mr. Brownscombe,

an interior decorator of note, completed his home and furnished it with rugs and antiques of great value. Between the house and a garage, which cost approximately \$4000 worth of antique furnishings were destroyed and approximately \$1500 damage done to the house.

Mr. Brownscombe is an interesting history of the life of a man who, having won a lifelong home in luxury, found won a lifelong home in luxury. He found the cat several weeks ago, hungry and deserted. After feeding and petting the animal, it stayed with him and kept his house warm. The cat was last night.

Mr. Brownscombe believes that was done in an effort to repay the kindness.

## WATER POLLUTED BY POISONED COYOTES

LOCAL CORRESPONDENCE

MILAND, Jan. 12.—Coyotes have become such a pest in this vicinity that ranchers have resorted to poisoning the animals to save their enemies from destruction. Now it has been discovered that the poison method is a big success, but it also has the unfortunate effect of water being contaminated.

It is the opinion of the ranchers that the poison used to kill the coyotes causes them to rush to the nearest canal for a drink and about the time they arrive at the ditch, the water is so contaminated that the animals are asserted to have been discovered in the canals.

Whereas, the present situation has developed beyond any political issue into a community crisis involving the entire future of our community, and

Whereas, a strong effort is being made to sustain the Ku Klux Klan to make it appear that the issue is between the wet and dry forces instead of the question of Ku Klux Klan control of our political and social life.

# First Pictures of Bomb Explosion in San Francisco Hall of Justice

Marble Wall Shows Force of Explosion. The bomb that exploded Sunday morning in the San Francisco Hall of Justice shattered a telephone booth just vacated by a police officer and blew a hole four feet deep in the marble wall. It is believed to have been planted by a fiend as an attempt to kill Chief O'Brien, Captain of Detectives Matheson and Capt. Quinn, who entered corridor few minutes after explosion. (P. & A. photo.)

Internal Machine Discharged Shrapnel. This picture shows chunks of iron and shrapnel which were part of the bomb that was exploded in San Francisco Hall of Justice, and which was designed to kill officials of Bay City's police force. (P. & A. photo.)

Escapes Death. Chief of Police O'Brien of San Francisco, who narrowly missed death in explosion which rocked Hall of Justice. (P. & A. photo.)

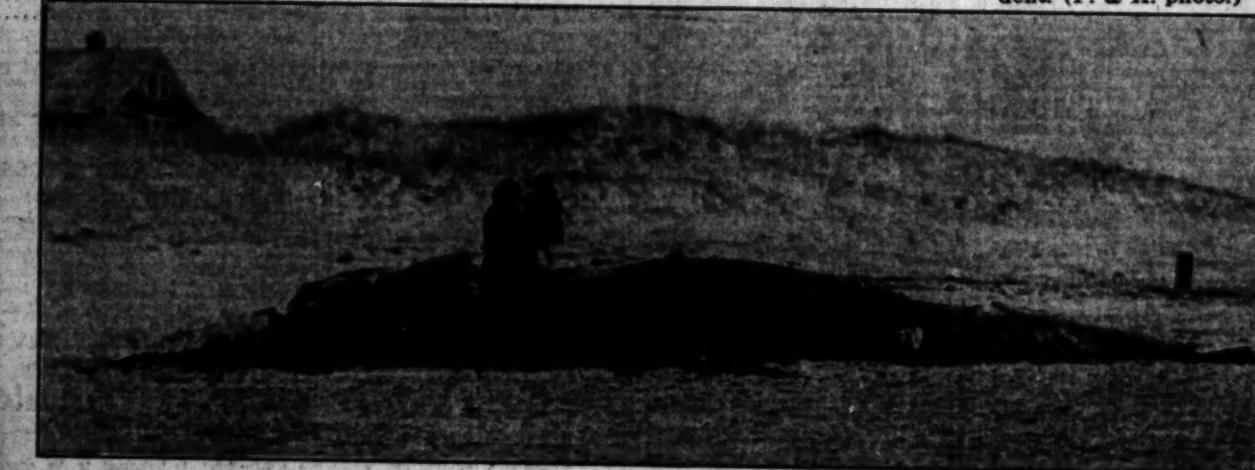

Electric Snow Melters Clear Traffic Lanes. The large cities of the Baltic regions have solved the problem of clearing their streets after heavy storm by using electric melters. The melted snow runs off into sewers. But why should Los Angeles worry? (P. & A. photo.)

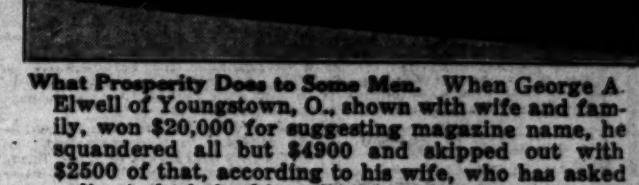

Sues Prince's Hostess. Sarah Hudies of New York, is suing Mrs. F. A. Burden, at whose home Prince of Wales stayed, for \$30,000 damages for injury in auto accident. (P. & A. photo.)

Breaks Flight Fast. Frank S. Lahn, aeronautical authority, taking off for first flight in seventeen years. (P. & A. photo.)

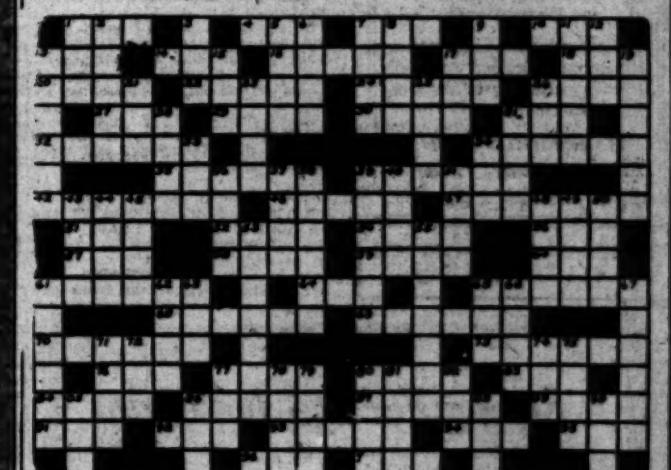

Villagers Had Whale of a Time With Ocean Mammal. When the whale shown in above picture was washed ashore at Brant Beach, N.J., some of the natives hacked it up to feed to dogs and chickens and others tried it for meat. It measured forty feet. The woman and boy shown with it give an idea of its size. (P. & A. photo.)

What Prosperity Does to Some Men. When George A. Ellwell of Youngstown, O., shown with wife and family, won \$20,000 for suggesting magazine name, he squandered all but \$4900 and skipped out with \$2500 of that, according to his wife, who has asked police to look for him. (P. & A. photo.)

## Interest

The interest you put into an investment is in direct ratio to the interest you get out of it. Man's greatest interest is in his HOME! And a man's home is his only SOUND INVESTMENT because it is the foundation of all his successes and without the right kind of a home there can be no interest rated either for success in business or home.

## The RIVIERA

OFFERS the highest rate of interest for the home lover who wants an estate property forever immune from the fluctuations of an uncertain market. The Riviera is, without contradiction *AMERICA'S FINEST ESTATES*, and for the business man, offers a retreat removed from all the possibilities of future deterioration because of its exclusiveness and ideal home environment. Put the Riviera in your market quotations and watch the steady rise from par to an unlimited value.

### PRESENT APPROACH

Motor out Wilshire Boulevard. At Soldiers Home turn right on San Vicente Boulevard at Twenty-sixth street turn right.

Send for booklet "The Riviera."

JOHN A. VAUGHAN, Corp.  
1308 Wilshire Boulevard, Beverly Hills  
539-803 Santa Monica 24920

### 8% CUMULATIVE PREFERRED FULLY PARTICIPATING

WE ARE OFFERING A LIMITED AMOUNT OF THIS STOCK IN A FINANCE CORPORATION

that has a steadily increasing volume of national business applying for financing of extremely interest time sales contracts. This stock should cover an earning of 8% above dividend requirements. Write or call for Prospectus.

WATERMAN and GREER, INC.

Los Angeles,

**BUILDING FIRED AFTER ROBBERY***Loss from Wall-Street Blaze Set at \$50,000**Lubricating Oil Scattered on Floor to Feed Flames**Thieves Hauled Away Goods Valued at \$1000*

A destructive fire believed to have been touched off by burglars to cover up their thefts swept three industrial plants in a two-story building at 1125 Wall street yesterday with a property loss estimated at \$50,000.

The fire was discovered in the plant of the Converse Tire Company by W. J. Stowe, manager, yesterday morning. It had been burning apparently for many hours among the stacks of tires, material and machinery. The draft from the open windows was opened by Mr. Stowe before he discovered the flames in the rear of the plant cause the fire to spread quickly through the entire plant and other portions of the building.

**FLOOR OIL SOAKED**

Firemen responded at once. They were able to extinguish the flames after a stiff fight. The loss of the tire company was placed at \$25,000.

Heavy losses from both smoke and water also were reported by the Furniture Supply Company, on the second floor of the same building, and the George P. Ide Company. These concerns placed their combined losses at approximately \$25,000.

Battalion Chief Enoe, head of the fire investigation, of the fire department, and Detective Lieutenant Brutting, of the police arson squad, announced after an investigation that the fire had been set off. They found that the rear of the tire company's plant, five gallon can of lubricating oil, the contents of which had been scattered on the floor and then fired.

**TRUCK USED IN THEFT**

Further investigation revealed that more than \$1000 worth of furniture had been stolen from the supply company on the second floor of the building, and the trucks. The furniture was loaded into the trucks from a rear window.

Detectives concluded that the thieves, seeking to destroy all evidence of their work, had set fire to the building in the belief that the entire place would be destroyed and the thief never be come known.

**Sawtelle Branch City Hall Due to Open Thursday**

The dedication of the new Sawtelle branch City Hall will take place next Thursday evening, the Sawtelle Chamber of Commerce yesterday notified the City Council. The City Council will attend the dedication exercises in a body. The building cost \$125,000 and will house the district police court, police station, fire department, deputy city clerk, deputy city engineer and branch public library.

**COURSE IN ADVERTISING**

A review of copy, headlines, illustrations, layout, typography, color, trade-marks and medium will be covered in the second quarter of the advertising course at Metropolitan College. Elliott C. Henn, an advertising adviser, in the instruction. Classes are conducted Friday at 4 p.m. in the Transportation Building, Seventh and Los Angeles streets.

**Little Heroine of Near Tragedy****Nellie Jane Maxwell***Who saved parents when awakened by pet.***DOG SAVES LIVES OF TWO***Barking Awakens Child Who Brings Aid to Parents Overcome by Monoxide Fumes*

A pet dog's insistent howling in mysterious recognition of the approach of death awoke 4-year-old Nellie Jane Maxwell from a sound slumber yesterday morning and enabled her to save the lives of her father and mother, Mr. and Mrs. John K. Maxwell. They were rescued from their bedroom, which had been converted into a lethal chamber by carbon monoxide fumes, and revived at the receiving finally roused. She attempted to wake Mr. Maxwell but he was unconscious.

Her barking, Mrs. Maxwell succeeded in bringing her father to a week-end hunting trip near Salton Sea, in the Imperial Valley. Nellie Jane had been left in the care of an aunt.

Wornied by the long trip, Mr. and Mrs. Maxwell lit the gas burner in the bathroom and front room of their new home and retired to the bedroom to rest. A short time later Nellie Jane was brought home by her aunt. She curled up on a sofa in the front room.

Near noon the little girl was awakened by Pepper, a neighbor's pet dog with whom she was accustomed to romp. The dog, apparently instinctively, barked and the child awoke from her sleep. Both Mr. and Mrs. Maxwell were unconscious by this time. The child also had been slightly affected by the fumes.

They were all removed to the Reservoir Hospital, where they received emergency treatment and were completely revived.

**COUNCIL SMITES MAYOR'S CLIQUE***(Continued from First Page) mistake in not reappointing Mrs. McCan.*

On behalf of the club women of the city, particularly the Los Angeles District California Federation of Women's Clubs, Mrs. Gertrude Barnum addressed the Council and praised the work of Mrs. McCan for the parks. She said it would be kindness for the Council to return the appointment to the Mayor.

The report recommending confirmation of Cogleton was killed by a tie vote. Councilman Billie Grimes, Musser, and Barnum (4) voting "No"; President Workman and Councilmen Allan, Crighton and Mallard (4) voting "Yes." Councilman Wheeler was absent.

"What happens now?" asked Councilman Baker. "The Council's action in failing to confirm the appointment kills it," said Assistant City Attorney. "The Councilman returned to the Council's Public Welfare Committee until Councilman Wheeler's return. If he is opposed to confirmation, then the Mayor will be forced to resign his appointment."

"I still think there is a chance that Mrs. McCan may be reappointed," said Councilman Musser.

**PASCOE'S LETTER READ**

Then Dr. Pascoe's letter was read telling the Council that Dr. Parrish had, without advance "notice," presented Dr. Pascoe with a demand for his immediate resignation, which stated that Dr. Pascoe's failure to present it would mean that he stood dismissed. Dr. Pascoe said that he had not complied with the request, and appealed to the Council to accept his resignation.

He was told that the Council entitles him to know the reasons for his dismissal.

Councilman Baker declared that the Council should be the master of a squeaky door of fairness and justice to Dr. Pascoe, who had served the city faithfully for years, and who now, with no charge, had been denied admittance to the city by the public health commissioner to get out.

Dr. Pascoe said that he agreed with everything Councilman Baker had said. Councilman Musser also said he agreed, and said that the Council should make an investigation to determine why the Mayor sent to Portland, Or., for a successor to the late L. M. Powers as health commissioner.

**BETRAYAL CHARGED**

Councilman Allan, who had voted to confirm the appointment by Mayor Cryer, said yesterday that he was a result of the removal.

"I have lost all confidence in Dr. Parrish. He promised the Council that he would make no changes in the department without consulting and receiving the approval of the Council," Councilman Barnum said that Dr. Parrish had told him about the Dr. Pascoe's action and recommended Dr. Pascoe, and that this action was not in keeping with Dr. Parrish's promises to the Council, and an injustice to Dr. Pascoe.

The removal of Dr. Pascoe was ordered by the City Hall. He had long ago aroused the ire of the Cryer "kitchen cabinet," and so when Dr. Parrish was appointed by "Me and George," he was ordered to carry out orders. Dr. Parrish apparently obeyed, and attempted to remove Dr. Pascoe, just as Harbor Commissioner Alen, his appointee, Harbor Engineer Nicholson, asked for the resignations of two twelve-year-old department employees who were on the political blacklist of "Me and George."

The child went to the bedroom and attempted to enter. She found the door locked, began to pound on it. Mrs. Maxwell, in a semiconscious condition, was

affected by the fumes.

They were all removed to the Reservoir Hospital, where they received emergency treatment and were completely revived.

**MANIAC BEATS AGED WOMAN***(Continued from First Page)*

But later, "He was only a dope fiend or a maniac."

Mrs. Klages was suffering severely from the shock and her injuries and was in the care of a physician last night. Her husband, a retired sailor, had slept through the brief tragedy.

The madman was described by Mrs. Dill as six feet tall and very slender, with an emaciated face and thin hair on his head. He was 50 to 55 years of age, wore a dark suit and a soft hat.

Two men entered the home of Mrs. Anna Stokes, 116 San Julian street, under the pretense that were looking for a room. As Mrs. Stokes turned to lead the way one of them struck her on the head, stunning her and knocking her down. The other seized her purse, containing \$25, from a desk and both ran out. Mrs. Stokes, 70, was found not to be injured seriously.

Mrs. M. Chastain, 2009 South Vermont avenue, stepped off her door, she reported to the police, when she heard a noise in her throat and forced her to her knees, stifling her attempts to scream. He tore her vanity case from her and ran with it. The case contained \$25 in cash and about \$50 in jewelry, she said.

**SHOTS REVEAL RUSE OF BOY***(Continued from First Page)*

declared he had stolen the ring and intended to sell it to a jeweler. This circumstance, and an admission by the boy that he had been intimate with a questionable associate, led the detective to believe that an investigation may uncover unscrupulous elders who sought to influence the boy to the theft.

As Mrs. Reed was naturally unwilling to prosecute her own son, the county was asked to take the police station, but was left in the custody of his mother.

Mrs. Reed, a motion-picture actress known in the film world as "Babe" to her friends, told officers last night that she could not understand her son's actions.

"Either some master mind directed the boy in the attempted theft," she said. "or he is suffering from a delusion which has taken him past the age of reason. At that time he fell and was injured about the base of the skull. I am strongly considering having an X-ray of his head taken to see if it is affected."

The mother declared that the boy was given everything within reason that he wanted, including a well-selected and stocked library. She said that he was slightly imaginative, but that she did believe that his imagination was strong enough to lead him into the theft.

**INSURANCE MAN TO SPEAK**

Carl Reike of the National Association of Insurance Agents, is announced with Orrie C. Monette to speak at the monthly dinner of the Los Angeles Firemen's Association, at 7:15 o'clock tonight at the Elite. Reike will speak on organization and Mr. Monette on the duty of the individual to his profession.

**PRINCE'S CHARM IS RECOVERED***(Continued from First Page) emblem once property of Wales; film stunt flyer arrested.*

A Masonic charm, once the property of a Prince of Wales, and valued at \$1500, was recovered yesterday, according to Detective Lieutenant Wallace and Mason, when they arrested E. H. Carlisle, a motion-picture stunt aviator, at Hollywood Boulevard and McCadden Place.

The charm bears an inscription, the detective said, showing it was given to the then Prince of Wales on November 24, 1920. Mrs. J. E. Moore, a wealthy Wilshire matron, told the police the charm had been sent her by a friend in San Francisco who offered it for sale. She showed it to Carlisle, who charged and soon afterward it disappeared. Carlisle is charged with suspicion of grand larceny.

**WALK-OVER***(Continued from First Page) be followed by others, the work of rescue began.*

The plant is located on the Long Beach end of Terminal Island, and is accessible only over the Union Pacific bridge railroad bridge. First reports of the explosion said that reached the mainland said there were injured numbers of dead and about a few minutes the east end of the bridge was besieged by women and men friends and relatives of those working in the plant. The stone walls of the bridge, which was a strong guard at the bridge and would allow no one to cross, declaring there were plenty on the spot for the work of rescue and that more would follow. The guards were dead to all pleas.

**BLAST DEATHS START INQUIRY***(Continued from First Page) be followed by others, the work of rescue began.*

The plant is located on the Long Beach end of Terminal Island, and is accessible only over the Union Pacific bridge railroad bridge. First reports of the explosion said that reached the mainland said there were injured numbers of dead and about a few minutes the east end of the bridge was besieged by women and men friends and relatives of those working in the plant. The stone walls of the bridge, which was a strong guard at the bridge and would allow no one to cross, declaring there were plenty on the spot for the work of rescue and that more would follow. The guards were dead to all pleas.

**HOSPITAL STORMED***All available ambulances and a number of automobiles were sent to the Long Beach end of the bridge, but found they could not cross. The injured were taken out of the boiler room and carried by hand and on push carts across the bridge, then taken to the Long Beach Hospital. The hospital was stormed by another crowd of friends and relatives.**The list of other injured as given out was as follows: Clinton Parker, 22, 949 Main avenue, Long Beach, burns of face, arms and hands; Robert James, 24, 111 Pacific avenue, Long Beach, fractured rib, fractures, 100% loss of function; Paul Menghol, 22, 419½ Orange street, Long Beach, fractures, leg and lacerations; Charles Holmgren, 24, 1580 Pacific avenue, Long Beach, fractured ankle, lacerations; George Parker, 22, 731 West Seaside avenue, Long Beach, scale fracture of mandible; Clinton H. Ober, 22, 711 West Broadway, Long Beach, slightly hurt, went home; Paul Menghol, 22, 419½ Orange street, Long Beach, fractured leg and lacerations; Charles Holmgren, 24, 1580 Pacific avenue, Long Beach, fractured ankle, lacerations; Albert Jackson, 44, 448 West Broadway, Long Beach, lacerations and contusions; Charles Griffin, 20, 125 West Twenty-first street, San Pedro, scale wound; Buford Belcher, 31, 107½ West Twenty-first street, San Pedro, fractured right leg; Walter S. Reed, 22, 808 Compton avenue, slightly hurt, went home; Clarence Mitchell, 40, 51 West Los Angeles street, Virginia City, lacerations and bruises; Paul Menghol, 22, 419½ Orange street, Long Beach, possible fracture of ankle, cuts and bruises.**One man whose name was not learned was ascending a runway to the boiler room and had just reached the top at the time of the explosion. He was blown across the runway and fell forty feet to a pile of sand. Other workmen ran to pick him up, expecting to find him dead, but he jumped up, brushed himself off and ran out of the building, apparently unharmed.***STRAPS, OXFORDS AND PUMPS***all afford style variations for dressed women who desire standard merchandise at reduced prices.**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**Groupings include styles as shown, singly smart and bunched and priced to make several pairs an economy cannot afford to miss.**Straps, oxford and pumps all afford style variations for dressed women who desire standard merchandise at reduced prices.**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes**The Father News, held ribbon wrap the day before, was a success.**Decided Reductions on Decidedly Seasonable Shoes*

Piggy Wiggly Girls Concert  
Only Radio Program

Philharmonic Orchestra Will  
Be Broadcast the 34th

ST CLAIR FORBES CRANE  
Probably it was a short day  
for KHZ, but Saturday we spent  
it well. The music was  
brought in by the Piggy Wiggly  
girls' appearance at noon  
which KHZ's sole contribu-  
tion to Monday's entertainment  
was the last note.  
Successful renditions had  
been a memory, the station as-  
suming an appearance of feverish  
activity and within a few minutes  
had made into a motion-pic-  
ture.

In Paths News, whose col-  
umns wrap the entire studio,  
the show was a success and ex-  
ceeded KHZ. In the blase of  
the Piggy Wiggly girls' appear-  
ance, KHZ's sole contribu-  
tion to Monday's entertainment  
was the last note.  
Successful renditions had  
been a memory, the station as-  
suming an appearance of feverish  
activity and within a few minutes  
had made into a motion-pic-  
ture.

Now we have listened to  
the radio program and the perfor-  
mer will be in Paths News an answer  
to our questions that may have  
arisen in our minds. When they  
have done, we will be in Paths News.

Not long ago night of the  
31st, through the courtesy  
of the Los Angeles News Company,  
the Philharmonic Orchestra under  
Walter H. Lovell will be broadcast  
on the First Methodist Episcopal  
Church by the Los Angeles Telephone  
Company. The public is invited  
and free of charge, and as  
soon begins promptly at 8 p.m., it doors will be closed at

8:30 p.m.

## Colds That Develop Into Pneumonia

### M'Coy Witness Is Threatened

Schapp Guarded to Block Gang Murder

Detectives Lay Trap at Store, Home for Band

Menaced Man Testified Against ex-Fighter

Death threats against Sam Schapp, victim of Kid McCoy's maniacal fury when the latter ran amuck last spring and one of the principal witnesses against the former prize ring champion during his trial for the murder of Mrs. Teresa Mora, have caused a police guard to be placed about the Schapp home and place of business.

Detectives revealed yesterday

that both the Schapp home and the apparel shop he operates at 2200 West Seventh street have been under guard since last Thursday evening when a threat of death reached Schapp over the telephone at his store.

Detective Lieutenant Stoll and his wife, of the Wilshire division stated that the man who had "volunteered" made the store on the telephone. One of the female clerks responded.

The man asked for Schapp and when told that the witness had been informed the clerk that he was the leader of a gang which was "preparing a party in the woods" for Schapp, Schapp, the speaker continued, "I am not a gang, but Kid McCoy where he is and would get for what he has done."

The woman clerk informed her employer of the threat. He communicated with his wife, Captain of Detectives Evans assigned several detectives and plainclothes men to guard the shop and the Schapp home.

The detectives stated that they had kept that matter a secret in the belief that an attempt would be made on Schapp's life in the store and that they did not dare to let "the word" get away.

The Schapp store adjoins the antique shop which had been maintained by Mrs. Mora before her death. Both Schapp and his wife, after the latest threat away from Mrs. Mora's apartment with a gun in his hand, Schapp was one of the prosecution's major witnesses in the trial of McCoy, who was convicted of manslaughter.

There is no end of disease in the French debt remains unpaid because the chief task there is to get elected.

A patriot is all right unless he is too long at the campsite and delays the game.

There is no end of disease in the French debt remains unpaid because the chief task there is to get elected.

The man who lifted the man from the Verne garage says he sold the antique shop for \$1500. Guess the man is a birch.

Radio services are good, but not the click of Doones' clock in the collection plate.

All you can say for silver dollars that they make a lot out of a collection plate.

Nearly all economic reforms depend on a change of rates that will not be forthcoming.

Business of savages: Fighting and fighting. Business of savages: Fighting and fighting.

There's always another place to trimmer the pocket may have needed the money.

Perhaps there is hope, after all. The radio is ultramodern, but it gets by without sex appeal.

The man who named the place can live on and on all the new suburbs are now.

Another reason why we have more law-breakers than other cities is because we have more police.

Correct this sentence: "We are cheerfully as we sold them."

Even bobbed hair looks a little head in cold weather.

Life would be a long, eventful life if it weren't for the critic.

A little of personal theory. Mainly. Balloons pants are not good.

Silence is golden. If you are a true friend.

Before marriage, a man runs for a woman; after marriage, he runs for her.

A pessimist is a man who is always listening to a high-browed person for advice, and does not high and mighty.

And equally serious in crossing to a big a position on a crossword puzzle. (Atmosphere.

A green hand. Math: How does she do?

Mario: Well, I should say as much labor. New York.

British Bell Telephone Company: The English are a sturdy, obstinate, unscrupulous people who are destined to dominate the world in the next few months. —New York Times.

PLAYLET TO BE GIVEN

"A Drop of Ink," a playlet based on the evolution of the newspaper will be presented by the Macmillan Art Club at its clubroom, 462 North Western avenue, at 2 p.m. today. The actors will each be attired in costumes representing newspapermen. The various departments of each newspaper will be portrayed by costume players.

## Which Point Will You Have?

- 1—Square like this
- 2—Tire like this
- 3—Median like this
- 4—Broad—like this
- 5—Stub—like this

You can get all five degrees in the  
Classic Duofold Pens

And All Points Guaranteed for 25 Years' Wear

FOR what kind of writing do you use a pen? How do you hold it?

Close figure work or fine manuscripts, for example, call for a fine or an extra-fine point. But the medium point, the broad, or the stub—these give one's penmanship a personality and character that make mighty valuable impressions in a letter or a signature.

These are reasons why, in the classic Duofold Pens, Geo. S. Parker gives the world the whole five degrees of points that the five degrees of writing require.

Points you can lead without a tremor, for no style of writing can distract them. Points that are tipped with super-smooth iridium, for which we pay a premium of 20%. Points that we guarantee, if not mismanaged, to last 25 years' WEAR.

And every point set in a slender, hand-balanced barrel that feels so inspiring you have to lay it down.

Any good pen counter will sell you this beauty on 30 days' approval. Flashing black or black-tipped lacquer-rod, the color that's handsomer than gold and makes this a hand pen to match.

THE PARKER PEN COMPANY

## SOCIETY

BY JUANA PÉREZ LEWY

Invitations are being issued by Mr. and Mrs. John Williamson Quigge of Hollywood for the wedding of their young daughter, Miss Miriam Quigge, and Harold Rudolph Beck, son of Mr. and Mrs. Rudolph Beck of Oxnard, the ceremony to take place in the First Presbyterian Church of Oxnard on Tuesday evening.

Miss Quigge, who is known to her many friends as Peggy, has chosen her sister, Mrs. Frederick Jules Sienna (Josephine Quigge), a bride of the same name, as matron of honor, while the other attendants will include Miss Doris Hammond, Miss Helen Butler, Miss Helen Brown and Miss John Williamson Quigge, Jr., Miss Helen Brown, Miss Helen Millard and Miss Ida Van Audele. A number of charmingly arranged prenatal affairs are being arranged in honor of this young bride.

**On World's Tour**  
Mrs. Mary Dove Freely of South Kingman Drive, accompanied by Miss Gladys Dove of Chicago, Ill., is among the passengers sailing today from New York City aboard the Canadian Pacific Empress of France on an extended cruise around the world.

**Afternoon Reception**

Society is much interested in the reception that is being planned for Friday afternoon, honoring Rafael Hernan, David Starr Jordan and Augustus Thomas, the affair taking place in the president's suite of Bovard Hall, University of Southern California, the hours between 3 and 4 o'clock.

Receiving line with the guests of honor will be Mr. and Mrs. William Gibbs McAdoo, Mrs. Hancock Banning, Dr. Carl Waugh, who will represent President Von Kienmuller, Mrs. Ruth E. Von Kienmuller, Mrs. Albert Sherman Hoyt, Mrs. Joseph Frances Sartori, Mrs. Erwin P. Werner and Dr. Robert A. Millikan. Assisting will be Mrs. William Wallace, Mrs. William Irving Hollingsworth, Mrs. St. M. Mudd, Mrs. Elizabeth Franklin Perkins, Mrs. R. D. Shepherd, Mrs. George H. Martin, Mrs. Warren Bradley Bovard, Mrs. Ray Banning, Mrs. Charles B. M. Drexler, Mrs. Henry C. House, Mrs. A. E. D. Carcasson, Mrs. Frederick William Braun, Mrs. John H. Henry, Mrs. F. F. Wallace, Mrs. George Robinson, Mrs. Henry M. Miller, Mrs. Charles P. Murphy, Mrs. Ralph Winfield Miller, Mrs. Albert J. Menke, Mrs. Harriet Hurst, Mrs. Henry Philip, Mrs. Martin H. Moyer, Mrs. F. E. Eckhart, Mrs. C. A. Parmelee, Mrs. Edward Lawrence Doheny, Jr., Mrs. Charles Stearns, Mrs. C. A. Chapman, Mrs. Carl Waugh, Mrs. L. E. Ford, Mrs. Frank Porter, Mrs. L. B. Rogers, Mrs. A. K. Steele, Mrs. Laird Stabler, Mrs. J. F. Fischer and Mrs. A. V. Hunt.

**Bridge Luncheon**

Mrs. Irving P. Lord of 293 Crenshaw Boulevard entertained the

bridge luncheon and handkerchief shower at her home on West Adams Street. Miss Quigge and other guests including her mother, Mrs. Frank Hammond; Mrs. John Williamson Quigge, Mrs. Frank Drusilla Simona, Mrs. Hugh Rockwell, Mrs. Miss Helen Brown, Miss Betty Wheel, Mrs. John Williamson Quigge, Jr., Miss Helen Brown, Miss Helen Millard and Miss Ida Van Audele. A number of charmingly arranged prenatal affairs are being arranged in honor of this young bride.

porated communities numbering anywhere from 2,000 to 75,000 which will be within the one administrative district. Not even the county has to deal with city problems and the county line may be extended to meet the new conditions and to take in additional communities. There is no limit to the great possibilities for Los Angeles of the future."

#### CLUB NOTES

Beverly Hills Women's Club: Alice Barrett Greenwood will speak this afternoon to the Beverly Hills Woman's Club on "Current Events, Reviews, Plays and Politics." Miss Greenwood will appear before the Shakespeare Club of Pasadena. Thursday evening at the Ambassador Theatre in Los Angeles and Friday on Friday to the Ebell Club of Long Beach.

American Citizenship: The play contest conducted by the Los Angeles district department of American citizenship, Mrs. Lyman B. Stoecky, chairman, will be the chief subject of discussion at the monthly conference of the department today at 1:30 p.m. at 614 Hillstreet Building. Club chairman are urged to attend this session as much as of interest to them. Their particular work will be taken up. The next meeting will follow Miss Ethel Richardson's talk on citizenship, one of the series published in the *Federated News*. The annual conference will be conducted simultaneously with that of American citizenship.

Conservation: Jane Zane Gordon, a cousin of Zane Grey, novelist, will address the conservation chairman of the federated clubs of Los Angeles district tomorrow at 1:30 p.m. in room 614 Hillstreet Building. Miss Julia Ellen Rogers, authority on trees and vines, chairman of the district committee for conservation, will preside.

The series, the open tonic and the use of lace belong to the very simple but decidedly elegant type of fresh that pretty girls wear when they dance with the prince—England's or their own.

# Business Opportunities OF TODAY

## RIGHT HERE IN LOS ANGELES

—are hundreds of business opportunities ready and waiting for the right men. Some require but a few hundred dollars, others are large enough to interest a captain of industry. Opportunities for the salesman, for the man of mechanical bent, the book-keeper, storekeeper, baker, manufacturer.

### Why Business Buyers Read The Los Angeles Times

The Times' prestige as the business-selling medium of the Pacific Southwest attracts both buyers and sellers. Its "Business Opportunities" columns are read by live prospects, seriously interested in buying and having the necessary money. Such an audience appeals to those who wish to sell out. Times want-ads contain opportunities never advertised elsewhere, giving intending purchasers a choice of the day's best openings.

Ask any well-informed Los Angeles business man which newspaper to read for Business Opportunities!

# Times Want Ads

Times Want-Ads during 1924 led the second Los Angeles newspaper by nearly twice as many agate lines as during the previous year.

## MAN AND LARGE CHECK MISSING

Abandoned Auto of Engineer Found in Street

Left Wife Friday Evening to Meet Associate

Certificate for \$10,000 Was Pinned in Vest

An abandoned automobile and a certified check for \$10,000 figure prominently in the unexplained disappearance Friday evening of Walter Van Hoefen, 41 years of age, a mechanical and civil engineer living at 510 North Western Avenue.

The automobile, an expensive car which Van Hoefen had partially completed payment, was found parked at Santa Fe Avenue and Ninth street by Officer Mitchell (Lucky) Morris, hours after Van Hoefen left his wife at Western Avenue and Fifty-fourth Street, ostensibly for the purpose of meeting a business associate at the office of the Builders' Plumbing and Supply Company, where the abandoned car was found.

The certified check for \$10,000 was pinned into the vest pocket of the clothing worn by Van Hoefen, according to Van Hoefen's statement to his wife. Van Hoefen received the check or to whom it was drawn are incidentals yet unknown to the police.

MYSTERY CHECK

Van Hoefen presumably received the check from a man who tried to Bakkefield and Fresno at a time when Mrs. Van Hoefen was with him. The check was not drawn in favor of the missing man, but it was to have received it in the amount for having consummated a business deal involving the check. Mrs. Van Hoefen is unable to shed any light on the details of the transaction and she states the check was never shown to her.

When the Van Hoefens returned in Van Hoefen's car from the Bakkefield trip, Mrs. van Hoefen and A. Sargent of Richmond, Cal., who had been with them from Fresno to Los Angeles to see the couple, were dropped on Western Avenue not far from the Van Hoefen home. This was the last time the couple made mention of their husband. A friend of Van Hoefen called the distracted wife the following day and informed her that he had seen her husband pass the Huntington Hotel, Ninth and Main streets, at 9 o'clock Friday night.

FINANCIAL ANGLE

While Mrs. Van Hoefen denies that her husband was involved in any financial difficulties, it is asserted by associates that his finances were not in the best shape at the time of his disappearance.

"My husband was in financial trouble, I did not know it," Mrs. Van Hoefen declared yesterday. "I know that a \$300 check

## TRIAL DATE SET IN MAIL THEFT CASE

Former Anaheim Postal Employee to be Before Court April 7, Next

Federal Judge James yesterday set April 7, next, as the trial of Charles R. Wheeler, on a charge of receiving money stolen from the mails. Wheeler, formerly in charge of the registry division of the Anaheim postoffice, was acquitted in Federal Judge Blodoo's court last summer when he was tried with Joseph R. Abernathy, former superintendent of schools at Anaheim, on a charge of conspiracy to rob the mails.

At the trial of J. U. Hemm, insurance lawyer, who was convicted recently on a charge of receiving part of \$25,000 stolen from the mails at Anaheim in December, 1923, Abernathy testified that the robbery was planned and carried out by his business associate, J. Lloyd Findlay. It was on that evidence that Wheeler was arrested on the charge of receiving money stolen from the mails.

**Great Northern President Says Farmers Are Able to Meet Obligations and Plan Expansion**

After a period of depression due to short crops, low prices and high cost of living, economic and financial conditions in the Great Northwest have improved to the point where the farmers are now able to meet their obligations and have every reason to believe that prosperity will attend their efforts during the present year, according to Ralph Budd of St. Paul, president of the Great Northern Railroad.

Budd, who is at the Elkhorn, is making a brief visit in Los Angeles for recreational purposes. He stated that certain business matters had brought him to San Francisco and that he had taken the opportunity to come down here to enjoy the sunshine for a few days.

**THERE** are food qualities in milk which you are not acquainted with if you have never used—

isn't simply milk, but scientifically produced food—designed to build and reinforce physical and mental well being. It is produced under the strict supervision of the Milk Commission of the Los Angeles Medical Association. This strict care in production, gives it rich flavor and great ease of digestion. Read what a leading authority says:

**“Certified Holstein Milk Most Perfect of All Milks”**  
Dr. Thomas M. Roth, M.D.

Professor of Pediatrics at Harvard University and world's recognized authority on infant feeding, says: “From the medical point of view the Holstein milk is exactly what we find best for infant feeding. The Holstein cow represents the most perfect milking animal known, having every characteristic suitable for baby's milk supply.”

For eighteen years Arden Dairy has incessantly studied and investigated every factor and condition entering into the production of absolutely the most wholesome and purest of milk. As a result of this exhaustive study, they not only exercise the utmost care in producing their milk under sanitary conditions, but they are discarding all cows with the exception of the Holstein, which milk most of the best and most celebrated physicians and dietitians throughout the world recommend as best not only for infant feeding, but for growing children, invalids, convalescents, and the whole family.

N.B.—Bring your children and visit Arden Dairy any afternoon.

## SCENARISTS REACH ACCORD ON ALIMONY

Police Seek Man Who Put Concrete and Note on Tracks

An infallible method of stopping a street car was used early yesterday at Third and Evergreen streets and police are looking for its inventor.

Motorman J. W. Walton brought his one-man vehicle up with a jerk when he saw several heavy slabs of concrete piled on the tracks. He got out to investigate and found this note:

“Be sure to stop at stops or you will lose your job.”

west farmers in the last season harvested unusually large crops and the prices on all their commodities are high,” said Budd. “Wheat is quoted as high as 12 per bushel at the Twin Cities and Duluth markets, of which about \$1.25 goes to the farmer.”

“The farmer, too, is returning. The farm population is laying plans for extensive building improvements to take place during the present season. One thing that will stimulate building, however, is the fact that the farmers, having learned the advantages of diversification, are going in largely for stock-raising in addition to the growing of grain. This means the erection of barns and other structures connected with the handling of cattle in the northern part of the country.”

As an inducement of how grain farming is giving way to diversification, Budd stated that the wheat yield of Minnesota, once devoted largely to wheat, during the last ten years has increased to the total agricultural production of that State, which is practically the proportion of this grain to agricultural production of the entire country.

The railway head said he was not particularly interested in politics but was of the impression that the radicalism which has flourished in some sections of the Northwest during the last three or four years is practically at an end.

“We hear nothing more about the Nonpartisan League or the activities of its leader, Arthur Townley,” said Budd. “But I don't know what Townley is doing at the present time, but the league seems to be petering out. This seems quite natural in view of the changed economic conditions. The only thing that will cause movements of that kind to thrive is depression and hard times. When crops are good and the price of produce high, the farmer is no more inclined to discontent than anybody else.”

## BOB COLLEGES ARE UNDER FIRE

State Labor Department to Urge Law Regulating New Trade Schools

Bobbed hair has come to have its evil, a State official reports.

It has brought a new maniac into California, according to State Labor Commissioner Mathewson, through the establishment of a new kind of trade school which purports to teach hair-bobbing to aspiring barbers.

So numerous have these fake schools become, Mr. Mathewson said, that the Labor Department is drafting a State law that either will put them out of business or require them to teach hair-bobbing as it should be taught.

As it is at present, the commissioner declared, these fake schools teach little or none of the tressorial art, collecting rather high fees for the peculiar service.

## CHARGES IN DYNAMITING DISMISSED

Eighteen Murder Counts Dropped Against Schmidt, Now Serving Life Term

Eighteen charges of murder against Matthew A. Schmidt, who is serving a life term in San Quentin prison for the murder of Harry Haggerty, who met his death in the dynamiting and destruction of the original Times Building, October 1, 1919, were dismissed yesterday by Superior Judge George W. Moore on the motion of J. H. Summerfield. Dismissal of the charges was ordered on the ground that Schmidt had not been brought to trial on the eighteen charges within sixty days after he appeared in court.

Schmidt was convicted of first-degree murder on December 30, 1915, in connection with the death of Haggerty, who was one of two men on the staff of the Times who died in the explosion. He was indicted on May 5, 1911, with J. B. McNamara, J. J. McNamara, William Caplan, John Doe, Richard Doe and others. Richard Doe and co-defendants, Schmidt was not apprehended until 1915. The McNamaras pleaded guilty to manslaughter charges in 1915 and were sentenced to life and J. J. McNamara to fifteen years. The latter was released from prison last year. He was involved in a union labor plot in Indianapolis and was again charged now pending against him.

The indictment was returned on evidence that Henry Brothers, Inc., “Brooks,” whose office is in the Phillips Building, 224 South Spring street, have obtained the release from jail of Federal prisoners by filing bail bonds, the amounts on which were not qualified for the sums named in the bonds.

The judges of the United States District Court recently issued an order prohibiting the acceptance of bonds furnished three Henry brothers, Wood, under indictment with the Henrys, is a Los Angeles lawyer.

Joan Smalley Funeral Rites Set for Today

Funeral services will be conducted at 2:30 p.m. today for Joan Louise Smalley, 21 years of age, at the chapel of Roberts & Adams, 517 West Sixteenth street.

Miss Smalley was the only daughter of Dr. Robert E. Smalley and Mrs. Mary R. Smalley, and was killed by a fall from her horse, Star, while riding near her home at La Canada.

She was a graduate of the University of Southern California and was a talented musician.

Dr. Smalley is connected with the Clare Barton Hospital.

She has been an assistant in the First Presbyterian Church of Berkeley, has had active part in Christian work among prisoners and has helped conduct shop meetings in Los Angeles.

DRY SUIT CONTINUED

Case of Beverly Hills Hotel Man Put Over One Week

At the request of the District Attorney's office, the case of Stanley Anderson, over the Beverly Hills Hotel, which was raised recently and a large quantity of high-priced liquors seized, was continued until next Monday. Anderson was scheduled to appear yesterday before Justice of the Peace Shimer, but the witness, said to be Mrs. Thayer, whom he is again suing for divorce on ground of desertion.

Mrs. Thayer testified she first married Thayer in Tucson, Ariz., in 1921, she said, and she cured a divorce from him, which, however, was not to become final until one year had elapsed. Four months after being granted the decree, the witness said, the defendant, Mrs. Thayer, then settled aside the decree. She is now asking Judge Summerfield to sever the ties of both marriages. Pending hearing of the suit, Judge Summerfield ordered Thayer to pay his wife \$7 a week alimony. Mrs. Thayer was represented by Attorney V. Koenig.

CAFE TO CELEBRATE  
Celebration of the Second anniversary of the Redstone Monte Carlo Cafe in Hollywood tomorrow evening will be featured by an elaborate program of vaudeville. Two hundred members of the film colony have made reservations.

## Last Rites for M. Reepmaker Set for Today

Funeral services for M. Reepmaker, Thirty-third-Degree Mason, who died on December 20, 1934, at his home, 2089 Mound street, will be conducted at 2:30 p.m. today at the chapel of Gates of Cranes & Earl, 1734 Highland avenue.

Bobbed hair has come to have its evil, a State official reports.

It has brought a new maniac into California, according to State Labor Commissioner Mathewson, through the establishment of a new kind of trade school which purports to teach hair-bobbing to aspiring barbers.

So numerous have these fake schools become, Mr. Mathewson said, that the Labor Department is drafting a State law that either will put them out of business or require them to teach hair-bobbing as it should be taught.

As it is at present, the commissioner declared, these fake schools teach little or none of the tressorial art, collecting rather high fees for the peculiar service.

third-Degree Masons are invited.

Mr. Reepmaker, who was 66 years of age, died of intestinal influenza a few days after returning from a trip to relatives in Holland. The body will be sent to Rotterdam, Holland, for interment.

Grand Orator of the Grant Orient of Masons of the Kingdom of Holland, Grand Orient of Masons of Belgium, Mr. Reepmaker was one of the best-known members of his fraternity in those two kingdoms. He had lived in Hollywood for many years and had devoted most of his time to writing, having written several novels in French, English and Dutch.

Exceptionally well versed in the religious and philosophical aspects of Egypt and the Orient, Mr. Reepmaker

MAKING STAGE DEBUT

Priscilla Dean isn't going to remain in the silence of the movies. She is to make her stage debut on January 18 in Kansas City, at which time she will appear in a scene from her most recent picture, "The Tornado," along with the picture presentation. Roland Bottomley will be her leading man.

This will be Miss Dean's first appearance on the stage other than at benefit since she was a little girl, and she is to play a child actress in various productions.

Miss Dean expects to take a long tour in the Middle West and East with the picture. She will go to New York, according to her present plans, appearing there also with the picture.

The star has been one of the most popular figures on the screens ever since her early successes with Universal. She looks forward with pleasure now to going on the speaking stage.

CHARLES RAY AGAIN  
MAY MAKE PICTURES

It is quite possible that Charles Ray may again make his own productions, although his father, the late Mr. Ray, his representative, was interviewed yesterday it was stated that there was nothing definite to give out.

"But it looks that way now."

The Chicago Daily News,  
Madison & Wells Sts.,  
Chicago, Illinois.

Gentlemen: Attention: Mr. Jas. E. Rice,  
Manager Merchandising Service Dept.

We have just been checking over ten months' business as distributors of Tao Tea. I am so impressed with the results that I feel it is only right to let you know how splendidly this business has grown in such a comparatively short time.

At the start, almost a year ago, I am frank to confess to you that I was really surprised at the advertising policy of the Tao Tea Co., in deciding to advertise exclusively in the Chicago Daily News in this market. Tao Tea was entirely new here, put up in a new form and up against a number of unusually difficult trade conditions, as you know. And yet, Colonel O'Mahoney, President of the Tao Tea Company, himself an advertising man of long experience, selected The Chicago Daily News as his one and only medium for local advertising in the Chicago district.

As a tea expert, I knew that the product was right. The exceptional success of Tao Tea in this market during the past ten months proves conclusively that the advertising policy was right too. The Chicago Daily News advertising seems to have created consumer demand so fast that dealer resistance melted away almost at the start, and seemed to make it easier and easier for even the most conservative retail merchants to see the advisability of handling Tao Tea.

You can well understand that our salesmen, pushing the full line of one of the largest wholesale grocers in the United States, must of necessity be limited in the degree of concentrated salesmanship which they can put on any one item. Naturally, we center a good deal of attention on goods of our own manufacture.

"DUMACHON"

ADDRESS ALL COMMUNICATIONS TO THE COMPANY, NOT TO INDIVIDUALS.

The Chicago Daily News,  
Page two.

Daily News has been the real factor in breaking down dealer resistance and making possible the splendid distribution on Tao Tea in such a short time. Furthermore, we are having a splendid repeat business, our salesmen are enthusiastic, and volume is making the line profitable to us, even though the margin of profit on each individual transaction is small.

I hope, Mr. Rice, that you will take this letter for just what it is—a frank statement of the facts, the results already obtained.

The Chicago Daily News advertising, in the hands of yourself, has been so exceptionally effective in this case that it is only fitting that I should tell you so.

Furthermore, as a tea man I want to say that I have seen a new light as to the value of a real newspaper as a medium for getting this product across.

Very cordially yours,  
*Chas. T. Moore*  
Tea Dept. Manager,  
DURAND-MCNEIL-HORNER CO.

CTM:ES

## How Experienced Wholesalers, Manufacturers and Jobbers Get Distribution and Sales in Chicago

Just as the retail merchants of Chicago find The Daily News their most reliable and effective sales medium, so do the wholesalers, manufacturers and jobbers who do business in the Chicago market find The Daily News their best ally.

To the latter fact there is no more convincing testimony than is contained in the accompanying unsolicited letter from the Durand-McNeil-Horner Co., one of the largest wholesale concerns doing business in Chicago. This letter explains itself, and the experience of its writer corroborates that of most advertisers who have been successful in building up new business in Chicago.
